2 Company profile

Group membership	Habia is since 2004 member of the United Flexible Group, see our website for details.
Year of foundation	1954
Short history	<p>Habia Teknofluor was founded in 1954 and we have always been a pioneer PTFE manufacturing company. More than 50 years after the establishment, the major part of our production is still located in Brantshammar, where it all once began.</p> <p>We are today around 90 people and we master a number of areas; from design & development to production, logistics etc. We produce fluoroplastic tubing and products to customers all over the world. Our yearly turnover is more than 10 million Euros. Habia Teknofluor is owned by the American based company, AIAC, and we are a part of the United Flexible Group.</p>
